### ABOUT

---

As a self-taught MERN stack developer, I have cultivated a strong foundation in **MongoDB, Express.js, React, and Node.js** through hands-on learning and personal projects. My journey in web development has been driven by a deep passion for creating robust and innovative solutions. I am adept at translating concepts into functional and responsive applications, showcasing my commitment to continuous self-improvement and staying at the forefront of technology trends. Eager to apply my self-taught expertise in contributing to dynamic projects and collaborating with like-minded professionals.

### SKILLS

---

Languages	JavaScript, TypeScript
Frameworks	Next JS, Express JS, Tailwind CSS
Libraries	React JS, Redux, Socket io, Mongoose
Architecture	MVC, REST
Database	MongoDB
Version control	Git

### PROJECTS

---

#### Blogging Website

[Source code](#)

**React, Typescript, Tailwind CSS, Redux toolkit, Node JS, Express, MongoDB, Web-sockets.**

- Built a robust backend API using **Express.js** and **Node.js** to handle data retrieval, storage, and management.
- Secure user authentication with **JWT** to allow users to create accounts, log in, and manage their profiles.
- Dynamic blogging system allowing users to create, edit, and delete blog posts, with real-time updates.
- Commenting system to encourage user engagement, enabling readers to leave comments on blog posts.

#### E-Commerce website

[Source code](#)

**React, Tailwind CSS, Redux Toolkit, Firebase.**

- Secure user authentication through Firebase Authentication, allowing users to login, manage account securely
- Dynamic product catalog with real-time updates using Firebase Real-time Database.
- Orders tracking and Admin panel for maintaining products and orders.

#### Chat Application

[Source code](#)

**React, Tailwind CSS, Firebase.**

- Real time Database to enable real-time messaging between users, providing instant communication and updates.
- Firebase Authentication for registration and authentication, ensuring a protected chat experience
- Share images within the chat, enhancing the versatility and utility of the application.
- Message history feature to allow users to scroll through and review past conversations, providing context and continuity.

### EDUCATION

---

**Diploma in Electronics and Communication Engineering,**

Government Polytechnic College, Perumbavoor

2020 - 2023
